

"The Camino Documentary" is about the experience of walking the ancient 500-mile pilgrimage across Northern Spain known as "The Camino de Santiago". The film follows six strangers from incredibly diverse walks of life as they attempt to cross a country on foot with only a backpack, a pair of boots, and an open mind. Driven by an inexplicable calling and a grand sense of adventure, each pilgrim throws themselves heart-and-soul into their physical trek to Santiago, and their personal journey to themselves.

The Camino Documentary is an independent production of Future Educational Films, Inc. – a 501(c)(3) non-profit. Donations to the film are fully tax-deductible in the United States, to the extent allowed by law.
